

DREAMING

WRITTEN BY Z. LUPETIN

MUSIC BY DUSTBOWL REVIVAL

*Somebody tell me that I'm dreaming
Somebody tell me I'm still sleeping*

*What if you got everything you wanted?
Then you thought how did I get here
A lonely man up on the hill
Sudden stage fright,
On your big night
As the curtain starts to rise
From your throat comes a silence
Feels like violence out to kill*

*Well I lost all control
And I don't know how to get it back*

*Somebody tell me that I'm dreaming
Somebody tell me I'm still sleeping
Eyes open in the night
Somebody tell me
Somebody tell me*

*Somebody tell me that I'm dreaming
And this feeling
Ain't going to last
Oh oh oh (x3)*

*Starts innocent enough
As the panic often does
Look at you in your velvet suit
Choking on the love
From everybody looking at you
Looking at you, don't forget
Up until this moment
I never had no regrets*

*And I feel my head hit the floor
And I just can't do this anymore*

*Somebody tell me that I'm dreaming
Somebody tell me I'm still sleeping
Eyes open in the night
Somebody tell me
Somebody tell me
Somebody tell me that I'm dreaming
And this feeling
Ain't going to last
Oh oh oh (x2)*

*Innocent
Even after everything that's happened
Breaking down like the first time
Feeling it
When I'm by myself
Singing in my bedroom
Here I am
With my eyes closed*

*Somebody tell me that I'm dreaming
Somebody tell me I'm still sleeping*

*The ambulance came to get me
And the house lights they stayed on
They handed out all the refunds
And then everyone went home
The next thing that I heard
Was my sweet mother's voice
You keep living like you're dying, honey
It's time to make a choice*

*But I wanna take one more shot,
And mama I'm gonna give it all I got*

Somebody tell me that I'm dreaming

*Somebody tell me I'm still sleeping
Eyes open in the night
Somebody tell me
Somebody tell me
Somebody tell me that I'm dreaming
And this feeling
Ain't going to last
My whole life
Oh oh oh (x4)*

ENEMY

WRITTEN BY Z. LUPETIN
MUSIC BY DUSTBOWL REVIVAL

*It was like waking from a bad dream
All that screaming in the past
And now I know things
Ain't what they seem
This old dream is gonna last a long time
Was it something
that I could have said?
Mama change your mind
Get out of your head*

*I could never be your enemy
(enemy enemy)
But now I just can't be your friend
Now I see you'll be the end of me
(enemy enemy)
If I don't try and defend myself
Oooh (x3)*

*The sun is out
I hear the children play
They clutch their clarinets as
the bus takes them away
The concrete's burning
in the winter time*

*they don't believe me
there's no reason to your rhyme
They said that up
Is down instead
Daddy how did you get that in your head?*

*I could never be your enemy
(enemy enemy)
But now I just can't be your friend
Now I see you'll be the end of me
(enemy enemy)
If I don't try and defend myself
Oooh (x3)*

*Hold your honey close
It's going down
They made him king
But they forgot the crown
Please pass the salt
But don't you say a word
Jump in the lion's den
There's gonna be a fight on
Mama taught me
Right from wrong
But we've been strangers
All along*

*I could never be your enemy
(enemy enemy)
But now I just can't be your friend
Now I see you'll be the end of me
(enemy enemy)
If I don't try and defend myself
Oooh (x3)*

SONIC BOOM

WRITTEN BY Z. LUPETIN & DANIEL MARK
MUSIC BY DUSTBOWL REVIVAL

*It's raining out
But I put sunshine in my eyes
Maybe if I believe it it's not really a lie
Well I got good at lying*

*Don't dig too deep
You might not like what you find
You've been working at the paper
You knows it takes a long while
And you know I've been crying*

*I've been digging that hole
On my own
You can't fall deep in love
All alone*

*Don't you, want to
Know who I am, who I am
Well I don't know myself
Just who I want to be
And I ache and I break down
Every time you walk in the room
you hit me like a sonic boom
Sonic boom*

*Filter it out
I mean the shadow from the shade
We like the movie
but we don't know
how it's made
Well I've been so afraid*

*Cause there's things I've done
That I never told nobody
You said tell me honey
But I'm scared that you might leave
Cause I got good at leaving*

*Well this ain't the life
You had in mind when you came to LA
No don't go back to Sacramento
I need you to stay*

*Don't you, want to
Know who I am, who I am
Well I don't know myself
Just who I want to be
And I ache and I break down
Every time you walk in the room
And you hit me like a sonic boom
Sonic boom*

*Don't you, want to
Know who I am, who I am
Well I don't know myself
Just who I want to be
And I ache and I break down
Every time you walk in the room
And you hit me like a sonic boom
Sonic boom*

*And I ache and I break down
Every time you walk in the room
And you hit me like a sonic boom
Sonic boom
Ooh*

*It's raining out
But I put sunshine in my eyes
Maybe if I believe it it's not really a lie
Well I got good at lying*

I WAKE UP

WRITTEN BY Z. LUPETIN, LIZ BEEBE & ERIK JANSON

MUSIC BY DUSTBOWL REVIVAL

*I wake up at night
When I wake up at night I feel alright,
I'm always thinking of you
They say love is blind
When I look in your eyes,
It's like the first time
You know I'll always love you (x3)
And I know, and I know, and I know,
And I know, and I know
It's the same for you
You're my lady, my lady, my lady, my lady
Gettin' lost with you*

It's like we won the lottery

*I wake up at night
When I wake up at night I feel alright,
I'm always thinking of you
They say love is blind
When I look in your eyes,
It's like the first time
You know I'll always love you (x3)*

*And you know, and you know, and you know
You know, you know
I won't ever leave, I can guarantee*

*Even when, even when, even when, even when
We disagree*

We'll work it out, wait and see

*I wake up at night
When I wake up at night I feel alright,*

*I'm always thinking of you
They say love is blind
When I look in your eyes,
It's like the first time
You know I'll always love you (x3)*

*I didn't make it easy
I was gun shy from before
And I ran right out the door
You said "what are you leaving for"?*

*When you stopped me at the party
You said you were so sure
And what are you waiting for?
What are you waiting
What are you waiting
Why are you waiting?*

*I wake up at night
When I wake up at night I feel alright,
I'm always thinking of you
They say love is blind
When I look in your eyes,
It's like the first time
You know I'll always love you (x9)*

PENELOPE

WRITTEN BY Z. LUPETIN

MUSIC BY DUSTBOWL REVIVAL

*Oooh hiding
Under the bleachers
Waiting for the blue stars
To come out
Oob ignoring all the teachers
Green grass eyes
Always met mine across the crowd*

*Oh how could I know how good I had it
She told me everything
About her favorite animal
The saber tooth tiger
Her main man B.B. King*

*Ooh she gave me
My first kiss
In an old canoe underneath
That harvest moon*

*Ooh
I hope we never get older
We both knew that it was coming soon*

*Oh come and dance with me
My Penelope
She just turned away
I would wait for you
Oh you know it's true
Till my dying day
Ooh (x3)*

*Ooh driving 'round
In my Datsun
Pretending those high beams
Were an alien ship*

*Ooh I watch her dance
In the hot sun
Showing off on the high dive
With my backflip*

*Oh how could I know how good I had it
She told me everything
About her favorite animal
The saber tooth tiger
Her main man B.B. King*

*When I saw her cross the room
In that purple dress
Well I knew, it was all over
You can't fight against a feeling
You can't defend*

*I wish I could go over there
And just tell her
She would laugh
Honey, we're only friends*

*Oh how could I know how good I had it
She told me everything
About her favorite animal
The saber tooth tiger
Her main man B.B. King
Ooh (x3)*

GET RID OF YOU

WRITTEN BY Z. LUPETIN
MUSIC BY DUSTBOWL REVIVAL

*Hey (x3)
Well it seems every week
There's another one on the TV
You can change the channel, say
It's never gonna happen to me
But just you wait and see
Cause you can't stop the kids
From hearing that kind of blasting
Echoing down the hallway
Like a bell
Ringin' out in hell*

Hey (x2)

When they ran out of Stoneman, ooh I was shaken

*Well they were locking it down
And you could still hear the sound
Of bodies biting the ground
And all we ever see are the old folks
Doing nothing
You can shove it where
The sun don't shine
With your thoughts and prayers
Who fucking cares*

*Well you know we got something to say
So we're gonna say it
Yeah they know just what to do
But you keep putting them
In the back of the room
They're just another bunch
Of loud mouth kids and that's the truth
When they get a little older and wiser
Gonna get rid of you*

Hey (x2)

*It's the same old, same old
Up there in Tallahassee
A chorus of cowards and they keep voting no
Yeah they were bought and they were sold out
I tried not to cry out
Up there in the gallery
Is your AR 15 worth more than my life
How do you sleep at night?*

*Well you know we got something to say
So we're gonna say it
Yeah they know just what to do
But you keep putting them
In the back of the room
They're just another bunch
Of loud mouth kids and that's the truth*

*When they get a little older and wiser
Gonna get rid of you*

*Oooh is it ever enough?
Oooh how do you not get numb?
We've already had this conversation
And nothing gets done
To stop it*

*It was the last day of February
They went back to Stoneman
They let 'em play Nintendo right there in Chemistry
But everybody could still see
The bullet holes above
That poster of Abraham Lincoln
And the seventeen funeral flowers still so green
What does it all mean?*

Hey (x3)

MIRROR

WRITTEN BY Z. LUPETIN & DANIEL MARK
MUSIC BY DUSTBOWL REVIVAL

*Lately I've been thinking
About that night and
What happened to you
I was older than you and I
Shoulda known better
The full moon
Was like a drunken-eye blinking*

*The forest came out of nowhere
Like a fist out from grandpa's farmland
We thought it would be pretty funny
To drive all night out to California
But we never made it past the river*

*And now you're gonna be
Out there forever
I'm looking at you
Looking at me in the mirror
I don't think I'm ready
For your forgiveness
Ooh (x2)*

*I know you don't want to talk about it
You had to learn how to walk again
And I bolted
I wish I could drive you now
On highway one along the sea
Yeah you should have been
In California with me*

*But we never made it past the river
And now you're gonna be
Out there forever
I'm looking at you
Looking at me in the mirror
I don't think I'm ready
For your forgiveness
Ooh x2*

*You seem happy where you are
I'm not sure I can say the same
I keep seeing the trees
Coming through the windshield
We were so young you said
There's no one to blame*

*But we never made it past the river
And now you're gonna be
Out there forever
I'm looking at you
Looking at me in the mirror
And I don't think I'm ready*

*For your forgiveness
Far away from home
Far away and all alone (x4)*

GHOST

WRITTEN BY Z. LUPETIN & LIZ BEEBE

MUSIC BY DUSTBOWL REVIVAL

Ooh (x4)

*It could never be
You and me
I've been waiting
With the dogs looking for you*

*I moved into this house
And you're all I think about
Make me shiver
I feel you touching me too*

*I felt the smoke
Wrap around me as I woke
I can feel you pulling me to the darkness*

*I don't know if I can go
I'm afraid of what's below
How do I know you'll be waiting for me*

*It ended all too soon
We had no honeymoon
I burned my dress
In the backyard slowly*

*I've been trying to move on
They said that you were gone
But the divers never found your body*

Ooh (x4)

*I want you babe
Now you're haunting me
I'm here in limbo
And I'm fading slowly
You whisper in my ear
I know you're not really here
You keep calling
Come with me
Come with me
Come come come with me!*

*One night I knew
I was alone with you
You were hovering above me at midnight*

*You lead me to the lake
I felt my heart break
Black water is ripping me
Into the light*

*I felt the smoke
Wrap around me as I woke
I can feel you pulling me to the darkness
I don't know if I can go
I'm afraid of what's below
How do I know you'll be waiting for me*

*Ooh, ooh, ooh, ooh
I want you babe
Now you're haunting me
I'm here in limbo
And I'm fading slowly
You whisper in my ear
I know you're not really here
You keep calling
Come with me
Come with me
Come come come with me!*

Ooh (x7)

*Come with me
Come with me
Come come come with me!
(repeat)*

NOBODY KNOWS (IS IT YOU)

WRITTEN BY Z. LUPETIN
MUSIC BY DUSTBOWL REVIVAL

*Monday morning I woke up
I didn't know who I was
A broken soul in a motel room
Living in my pharaohs tomb*

*But Tuesday morning
I started to run across this country just because
Like a Texas tornado in my Chevrolet
Smiling because I got it made*

*Oh, oh, oh, oh
Nobody really knows
Where we're going going to
Oh, oh, oh, oh somebody's gotta know
Tell me is it is it you*

*Wednesday morning came and went
They say I ran for president
Though nobody even knew my name
They voted for me just the same*

*Thursday morning in old D.C.
Everybody's coming to see me
They asked about my philosophy
I said be strong and steady
Like an old oak tree*

Oh, oh, oh, oh

*Nobody really knows
Where we're going going to
Ob, ob, ob, ob somebody's gotta know
Is it is it you*

*Hey hey
Is it you?*

*Ob, I got to know
Got to know
Ob why, I keep living like I'm dying
Living like I'm dying
Every night I wake up crying*

*Friday morning I resigned
I'm moving to the country
To grow my wine
Keep it simple tell no lie
Look everybody right in the eye*

*Saturday a big storm came
It killed my crops so I ran away
Sunday morning praying to the lord
He said every broken window
Opens a door*

*Ob, ob, ob, ob
Nobody really knows
Where we're going going to
Ob, ob, ob, ob somebody's gotta know
Tell me is it is it you?*

*Hey hey
Is it is it you? (x7)*

RUNAWAY

WRITTEN BY Z. LUPETIN & DANIEL MARK
MUSIC BY DUSTBOWL REVIVAL

*I've been thinking about leaving everything behind
Maybe all of this growing up
No it isn't my style*

*I hear the voice of my father
Follow your heart
My heart is a suitcase
It's broken and battered and dark*

*Tell me why
I should stay
One more day*

*I've climbed the rock of Gibraltar
Like a stairway to the sky
And I saw the glaciers of Alaska
Waving goodbye*

*It's cold and it's green in Austrias
In the wet skull of Spain
And I walked the wall in Jerusalem
And I wondered what it all means*

*Tell me why
I should stay
One more day
I only feel at home
When I'm so far away*

*Run away run away with me
Run away run away with me*

*I held the hand of my grandfather
As his spirit flew away
Something in his eyes that said
I'd be coming back someday*

*I see my darling
Sleeping
And my heart grows so still
But then I think about getting out
Like a horse charging a bill
Tell me why
I should stay
One more day
I only feel at home
When I'm so far away
When I'm so far away*

*Run away
Run away with me (x3)*

JUST ONE SONG

WRITTEN BY Z. LUPETIN

MUSIC BY DUSTBOWL REVIVAL

*Old freight train keeps rolling by
Every thirty seconds behind the bar
We're playing tonight
It's rattling the walls
The air raid siren keeps going off
Every other hour since four o'clock
He says don't worry son
There's only tornadoes in the fall*

*Well I don't know what I'm even doing here
But I might as well put a smile upon my face
Just in case somebody's feeling low down
I can turn it around
I can right a wrong
Give me just one song*

*Now I could write a song about falling in love
About the first time I held you
Oh, we fit just like a glove*

*But that would be dead wrong
And people keep telling me write what you know
And nobody wants to hear about us
Getting stuck in the snow
Cause we forgot to put the chains on*

*Well I don't know what I'm even doing here
But, I might as well put a smile upon my face
Just in case somebody's feeling low down
I can turn it around
I can right a wrong
Give me just one song
Oooh, oooh (x2)*

*A woman came up to me the other day
She been livin' alone since her husband Roger
He came home in a flag in a body bag
Now every night she watches the band play
She closes her eyes and oh she feels so far away
Like Roger might come back*

*So you gotta a hole in your soul
Everybody knows there's only one way
To make it better
On the day my daddy died, my mama cried
And you know that I,
Didn't know what to say to her*

*So turn up the old car stereo
The boss is singing all about that thunder road
And that was daddy's song*

*Now everybody's singing at the top of their lungs
And for four minutes,
Forty-nine seconds it felt like we were
Young again and nothing could ever go wrong*

Well I don't know what I'm even doing here

*But I might as well put a smile upon my face
Just in case somebody's feeling real low down*

*I can turn it around
I can right a wrong
Give me just one song
Oooh, oooh (x2)*

*Well I don't know what I'm even doing here
But, I might as well put, a smile upon my face
Just in case, somebody's feeling low down*

*I can turn it around
I can right a wrong
Give me just one song*

*I can turn it around
I can right a wrong
Give me just one song (x2)*

LET IT GO

WRITTEN BY LIZ BEEBE & Z. LUPETIN
MUSIC BY DUSTBOWL REVIVAL

*Trying so hard to be
A better version of me
I found that note I wrote
When I was twenty one years old
I thought I'd figured it out*

*And I still don't know my fate
And maybe I'll never escape
I'm trying to let it go
Let it go, let it go
Let it go, let it go
Let it go, let it go*

*I'm made of the ways of my mother
And the ideals of my father
And the spirit of my brother*

And the strength of my lover

*Well you can't control everything
there's no right way to do anything
And like a bird with a broken wing
I fall*

*And every time I think I've changed
It all comes back and I'm still the same
I'm trying to let it go (x4)*

*Mama's got that tape of me
Dancing at twenty three
I still know the fear in those eyes
Waiting to be criticized
Not hearing the cheers*

*So every night I do my best
Turn the lights on, pass the test
Trying to let it go
Why is it so hard to make a change?
Break all my patterns and rearrange*

*All I really want to be
Is all the people that I see
Who wait it out so patiently
So patiently
But I can barely breathe*

*I'm made of
The stones of my hometown
Of all my friends who ain't around no more
And I every song that I sang
In every dive when it's raining out*

*Well you can't control everything
There's no right way to do anything
And so trying is the only thing you can do
I'm trying to let it go (x4)*
